An amount of ₹ 5,067 Lakhs has been assessed, settled and received during the six months ended 30th September, 2019 and accordingly ₹ 4,129 Lakhs, over and above of ₹ 938 Lakhs disclosed as recoverable under the head "Other Financial Assets" as on 31st March, 2019, has been disclosed as an income under the head Exceptional Items for the six months ended 30th September, 2019 and year ended 31st March, 2020.

The results for the six months are, therefore, not comparable with those for the previous six months. The Company has considered the possible effects that may result from COVID-19 in the preparation of these interim financial results for the quarter and six months ended 30th September, 2020. While assessing the carrying value of its assets and liabilities, the Company has considered internal and external information available, and based on such information and assessment, have concluded that no further adjustments are required to be made to these results. The impact of the pandemic may differ from that estimated as at the date of approval of these interim financial results. Based on the assessment of future taxable profits, the Company decided to continue with the rate of 30% plus applicable surcharge and cess until the Minimum Alternate Tax (MAT) credit asset balance is utilised and opt for the New Rate thereafter. The Company re-measured its deferred tax liability balances accordingly.
