## **Press Release**

### **Dhanuka digitally imprints, TORNADO in mega PAN India launch**

As one of the progressive players in the Agrochemical industry M/s Dhanuka Agritech Ltd. manufactures a wide range of farm input and has a pan-India presence through its marketing offices in all major states & reaching out to more than 10 million farmers. The Company has technical tie-ups with many US, Japanese and European companies. It is also listed among '200 Best Under a Billion Companies in the Asia Pacific' by FORBES magazine in the year 2010, 2011 & 2013.

Dhanuka known for its collaborative efforts with global majors has been proactively making available world-class products and solutions to Indian farmers. In line with an endeavor to serve the market with new products and new technologies, Dhanuka is launching a novel herbicide for Indian farmers, **TORNADO** a comprehensive solution for weeds in Oilseeds crops. The much-awaited product, **TORNADO** took its first digital imprint in a pan-India launch on 10<sup>th</sup> July 2021.

For long farmers have been facing huge challenges in crops due to multiple weed growth. These weeds, infest crops and compete for moisture, sunlight & soil space. Weeds either give shelter to various insects, pests and diseases or serve as alternate hosts, while the crop is unable to get proper nutrients. Dhanuka understood this problem and is launching **TORNADO** for the farmers to make their life easy and give complete protection to their crops from unwanted weeds.

**TORNADO** is a broad-spectrum herbicide for post-emergence control of Broadleaf & Narrow-leaf weeds. It has a dual-mode of action and has excellent translocation activity.

Dhanuka Agritech Ltd. aspires to "Transform India through Agriculture" with better crops, better quality management, and a better life for farmers. Dhanuka is confident, with the use of **TORNADO**, oilseeds crop growers will enjoy good harvest ever than before.
