

UP targets 250% increase in exports in four years: Siddharth Nath Singh

DEEPA JAINANI
Lucknow, February 11

ALIGNING ITSELF TO the central government's aim of increasing exports, the Uttar Pradesh government has set itself a highly ambitious target of exporting goods worth ₹3 lakh crore in the next four years from the present ₹1.2 lakh crore, which is an increase of nearly 250%.

Speaking to *FE*, Uttar Pradesh's minister for MSME, Investment and Export Promotion Siddharth Nath Singh said to cash in the space that China has been forced to vacate due to geopolitical disturbances, the Uttar Pradesh government had roped in international consultancy firm PriceWaterhouseCoopers (PwC) and has prepared an export strategy for the state. While 17 key sectors have been primarily identified, in the first phase, the focus would be on the top five priority products

that have export potential and good demand in the global markets.

The identified sectors are electronics and electrical equipment, apparel, machine and equipment, processed food items and organic chemicals. The shortlisted priority products currently contribute to around 63% of the exports from UP and account for around 5% of India's exports. "We decided to take the professional help of PwC to carve out a comprehensive export strategy for integrating UP with the global supply chain network, keeping in

mind the current challenges and global opportunities. We have also tried to find product opportunities where China previously had a major global export share, the chain of which has now been disrupted owing to Covid," he said adding that UP has a market presence in many sectors.

"We need to work on our areas of expertise. In 2020-21, our exports were to the tune of ₹1.20 lakh crore, which was a jump of over 28% over the previous year. We wish to take this up further to Rs 3 lakh crores in the next four years," the minister said, adding that the state government is working on linking various initiatives including the state's flagship one district one product (ODOP) scheme, which has not only rejuvenated endangered local arts and crafts but has also helped in securing the livelihood of millions of rural people engaged in these activities.

Gas output rises above pre-Covid level: DGH

INDIA'S NATURAL GAS production has risen above the pre-Covid level following the start of output from a KG-D6 field operated by Reliance Industries (RIL) and its partner BP, upstream regulator DGH said on Thursday.

Natural gas production in the country in February 2020 was 80 million standard cubic meters per day and in January this year it reached 82 mmscmd, said Anand Gupta, Additional Director General (Development), Directorate General of Hydrocarbons (DGH).

"Yesterday the production was 84 mmscmd," he said at the 'Upstream Ahead' conference. "By end of the month, production is expected to reach 85 mmscmd," he said.

The rise in output, he said, was a result of RIL and BP starting production from a field in their KG-D6 block. —PTI

Govt to spin off NDR into separate co: The government will create a company to own and operate India's maiden National Data Repository (NDR) that stores information on the vast sedimentary basins

in a bid to boost oil and gas exploration and production. "The government has decided that NDR will be transferred into a separate company," said Amar Nath, joint secretary in the Petroleum ministry. —PTI

Notes to unaudited financial results for the quarter and nine months ended December 31, 2020:

- The above financial results are prepared in accordance with the Indian Accounting Standards (Ind-AS) as prescribed under Section 133 of the Companies Act, 2013, read with the relevant Rules thereunder. The Statutory Auditors of Integrated Technologies Limited ('the Company') have carried out limited review of the above results pursuant to Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended and have issued an unmodified review opinion.
- The operating segment of the Company is identified to be as 'printed circuit board', as the 'Chief Operating Decision Maker' ('CODM') reviews business performance at an overall Company level as one segment. Therefore, the disclosure as per Regulations 33 (1) (e) read with the Clause (L) of Schedule IV of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 is not applicable to the Company.
- The above unaudited results for the quarter ended 31ST December 2020 have been reviewed by the Audit Committee and approved by the Board of Directors at their respective meetings held on 11th February, 2021.
- The certificate obtained from the Managing Director and CFO in respect of above results in terms of Regulation 33 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 has been placed before Board of Directors.
- The Company has considered the possible effects that may result from the Covid 19 pandemic on the carrying amounts of property, plant and equipment, investments, inventories, receivables and other current assets. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the management, as at the date of approval of these financial results, has used internal and external sources on the expected future performance of the Company. The management has performed sensitivity analysis on the assumptions used and based on current indicators of future economic conditions, expects that the carrying amount of these assets will be recovered and sufficient liquidity is available to fund the business operations for at least another 12 months. Given the uncertainties of the pandemic, the final impact on the Company's assets in future may differ from that estimated as at the date of approval of these financial results, and the Company will continue to closely monitor any material changes to future economic conditions.
- Previous period figures are regrouped/reclassified in line with the current period.
